

Teaching and Training for Success Virtual Technical Assistance

We are excited to offer our 8 Teaching and Training for Success modules for our new sites that are launching in the fall of 2022. The sessions are also open to new staff at established Project SEARCH sites. These 2-hour modules are offered live through the Zoom platform. Members from our Project SEARCH leadership team will be providing the trainings. **The modules will not be recorded.** They contain important information about conducting a successful Project SEARCH program. Here are some helpful hints about the training:

- Please attend with your team members if possible
- Please take the modules in order if possible (#1 through #8)
- It is highly recommended that you complete all 8 modules before your program launches.
- These are beneficial for ALL Project SEARCH team members including:
 - Instructor
 - Skills Trainers
 - Job Developer
 - VR Counselor
 - Business Liaison
 - Managers and Mentors (#4 and #5 are encouraged)
 - Supervisors

*Please note that the TTFS 5 session originally scheduled for Monday, June 20 has been moved to Tuesday, June 21 to accommodate the U.S. federal holiday observation of Juneteenth National Independence Day.
